

# WE ARE HIRING

## POSTDOCTORAL SCIENTISTS

### Molecular Basis of Cancer

This is an exciting opportunity for an ambitious and accomplished postdoctoral scientist to join the group of Professor Rami Aqeilan at the Cyprus Cancer Research Institute (CCRI).

The CCRI is a newly founded not-for-profit organisation based in Nicosia, Cyprus that aspires to become a world-class interdisciplinary research institute operating within a network of leading clinical and academic partners, namely the University of Cyprus (UCY), the Karaiskakio Foundation (KF) and the Bank of Cyprus Oncology Centre (BOCOC). The CCRI promotes excellence in the field of cancer research and in the development and utilisation of innovative diagnostic and therapeutic approaches with the aim of improving the survival and quality of life of patients with cancer. Our mission is to promote high calibre cancer research in Cyprus and to breed the next generation of leading cancer researchers.

#### **Reports To:**

The post holder will report to Professor Rami Aqeilan (Group Leader)

#### **Job Overview:**

The successful applicant will pursue their own research projects in the field of Molecular Basis of Cancer under Professor Aqeilan's supervision.

Professor Rami Aqeilan is the Scientific Director of the CCRI. His research interests mostly lie in uncovering the role of gene products spanning common fragile sites (CFSs) in human diseases. A particular interest is mapping the breakome of cancer cells, elucidating the role of gene products of CFSs in driving carcinogenesis, dissecting the role of various oncogenes in inducing replication stress, and translating these findings into possible therapeutic strategies to treat cancer. Professor Aqeilan and his teams are working at the forefront of cancer research.

Professor Aqeilan's CCRI team will interact closely, hold joint science meetings, and have reciprocal research placements with other research teams, as required by individual projects.

#### **Key Responsibilities:**

- Develop, perform, drive and publish high quality research in the field of genomic instability and translational medicine.
- Write scientific manuscripts and grant proposals.
- Participate in the laboratory's day-to-day activities, protocols, and procedures.
- Keep appropriate experimental records and documentation.
- Hold regular meetings with the Group Leader to analyse & interpret results.
- Develop, import, adapt and implement new research techniques and protocols.
- Dissemination of research results in regular group meetings, scientific conferences, and journal publications.
- Day-to-day supervision of trainees, PhD students and visitors where required.

- Work closely with other CCRI scientists to conduct collaborative research, share ideas and come up with solutions to scientific problems.

**Qualifications:**

- PhD in Molecular Biology, Cell Biology, Cancer Research, Computational Biology or a related field.

**Desirable specialist knowledge and skills:**

- Postdoctoral experience in a relevant field would be an asset.
- Expertise in genetic screening will be an asset.
- Bioinformatics skills are highly preferred.
- Experience in grant and manuscript writing.

**Personal attributes:**

- Enthusiasm, honesty, integrity, dedication and hard-working ethos.
- Ability to think critically, work independently and communicate ideas.
- Ability to work in a team and value others.

Fluency in English is essential. Fluency in Greek will be an advantage.

**Employment Type:**

Fixed Term Contract for 4 – 6 years (4 + 2 years after successful evaluation) with possibility of further extension.

**Location:** Nicosia, Cyprus

**Remuneration:** The annual gross salary is €28,000

**Closing Date:** 11<sup>th</sup> March 2024

**Application Procedure:**

All applicants should:

1. Submit a Curriculum Vitae (CV).
2. Submit a Cover letter.
3. Shortlisted candidates may be asked to submit contact details for the provision of References.

All applications should be submitted via email at [hr@ccri.org.cy](mailto:hr@ccri.org.cy) mentioning the job position code:

**CCRI\_24\_JP-2110** with email Subject: “*Application [full name] for the position code CCRI\_24\_JP-2110*”.

**Contact Information:**

Cyprus Cancer Research Institute (C.C.R.I.)

CCRI "Nicola David - Pinedo Building"

1 University Avenue, 2109 Aglantzia, Nicosia, Cyprus

Email.: [hr@ccri.org.cy](mailto:hr@ccri.org.cy)

Tel.: +357 22 033000

Informal enquiries **about the research project** are welcomed and should be addressed to Professor Rami Aqeilan ([hr@ccri.org.cy](mailto:hr@ccri.org.cy)).
